Dear Mark:

With the remodeling of our home now complete, Doris and I want to let you know how happy we are with both the finished product and the entire process of working with you and your organization. Never having attempted such a large project, we were very apprehensive. However, we shouldn't have worried. All of your employees delivered top-notch work and were always considerate of us and our house.

This has been an extraordinarily pleasant experience and one that I would gladly repeat with you and your people if the occasion ever should come up again.

Thanks again for all your efforts. We will think of you every time we open the door to our new old house.

Best regards,

Doris & Norm
