Dear Mark,

We would like to tell you how pleased we are with the work you did on our new home.

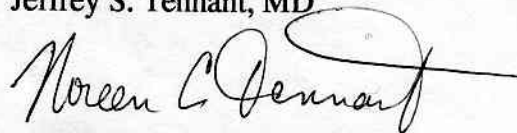

We have built two homes, as well as two offices, before. We know from experience that hassles and aggravations seem to be unavoidable parts of the construction process. That is why we were so pleasantly surprised when we had **no such problems with your firm.**

We would be proud to recommend you – highly – to anyone considering hiring you as a general contractor.

Sincerely,

Jeffrey S. Tennant, MD
