Dear Mark:

It is informed that I really appreciate your dedication to building my house

You have built a beautiful house for me. You have been accessible and accommodating in creating a beautiful home. It has been fun working together with you.

You put a solid foundation and fine craftsmanship into the house. You paid attention to the little details, especially the brickwork, which came out great.

It is also greatly appreciated that you were able to accommodate you time even on the weekend while sacrificing your golf game.

You have been a very nice person to work with.

Sincerely,

Jason Y. Park, M.D.
